1. Description and purpose

Fiera Bolzano holds trade show as well as exhibitions, conferences, trade shows and other information and training events annually in the interests of domestic and foreign producers and consumers. The aim of these events is to present products from agriculture, industry and crafts to the public and to support the exchange of commercial ideas and experience on the international and international level.

These provisions apply to all trade show events organized by Fiera Bolzano.

The parties expressly acknowledge that these general terms and conditions are an essential element of the confirmation of participation and are therefore an integral and fundamental component of it.

2. Use of trade show and exhibition spaces

Fiera Bolzano grants the exhibitor the right to use the spaces shown in the trade show plan in the condition they are in at the time of signature by the parties. The trade show plan will be attached after signature of the confirmation of participation. Fiera Bolzano reserves the right, to change or switch the position for the assigned exhibition spaces (Art. 13 Assigned exhibition spaces).

The exhibitor may not exhibit any products other than those stated in the application form and approved by Fiera Bolzano. Assignment of the exhibition space and stands to third parties is prohibited.

3. Participants

Italian and foreign producers are permitted to participate in the events of Fiera Bolzano as well as their representatives, dealers or agents, also institutions, consortia or other professional or producer groups determined in each case by Fiera Bolzano.

Applications for participation in the events of Fiera Bolzano must be addressed by e-mail or certified e-mail (to: fieramesse.bz@pec.it) or by on-line application form stating the desired exhibition space, the represented businesses/individual companies and the products to be exhibited.

Fiera Bolzano shall be entitled to reject participation by an applicant without stating reasons.

Fiera Bolzano may also contact companies directly and extend an invitation to participate.

4. Registration

If the application for participation is approved, Fiera Bolzano shall send the business/company, by e-mail or an equivalent method of communication, the offer including cost estimation, trade show plan and the form for confirming the participation, which contains the catalogue data as well as a link to these general terms and conditions.

To confirm the participation the applicant must return the confirmation of participation and the forms with the catalogue data correctly, completed and signed, by e-mail or digitally within the date reported in the offer. The proof of payment for the deposit stated in the offer must also be included.

The signed participation contract applies exclusively to the event stated therein, irrespective of changes to the general program of Fiera Bolzano and changes to the specific program associated with the event.

The transmission of the signed confirmation of participation along with the payment of the amount due as a down

payment is equivalent to acceptance and is binding on the company.

4.a Reconfirmation of participation

To business/companies that are already exhibitors, Fiera Bolzano may give the opportunity to reconfirm their exhibition spaces also for the next edition of the same event. In this case, Fiera Bolzano will, after the start of the respective event, transmit the companies/companies the “reconfirmation of participation” form, which includes the allocation of the space in question, any adjustments to the existing fee schedule, a text link to these general regulations, as well as the “catalog data” form. To confirm its participation, the applicant company must return the duly signed and completed reconfirmation form via simple e-mail or in hard copy no later than the end of the event. It must also provide proof of payment of the amount due as a deposit by the date indicated on the reconfirmation form. The signed reconfirmation form is valid exclusively for the event listed on it regardless of changes in the general program of Fiera Bolzano and the specific program combined with the event. Transmission of the duly completed and signed reconfirmation form, together with payment of the amount due as down payment is equivalent to acceptance and is binding on the company.

5. Duration of use - contractual penalty

The exhibition spaces are available to the exhibitor only for the setting up and dismantling times as well as the period of the exhibition. Clearance of the areas must be completed at the latest by the time stated there.

If the above-mentioned deadlines are not complied with, even for parts of the area transferred for use, the exhibitor shall be required to pay Fiera Bolzano for each day of delay or part thereof a contractual penalty amounting to €100 per square meter.

Exhibition spaces not occupied when the trade show opens shall be deemed to be abandoned by the exhibitor and shall be freely available to Fiera Bolzano

6. Times of use for spaces and services of the trade show

Fiera Bolzano shall notify the opening and closing times of the event as well as the duration of it and reserves the right to change them at any time without entitling the exhibitor to withdraw from the contract and/or to terminate it and/or to assert compensation claims.

7. Remuneration

For the temporary use of the spaces stated in the confirmation of participation the exhibitor shall pay Fiera Bolzano the fee stated therein in accordance with the conditions and deadlines specified there.

A requirement for occupation of the assigned spaces is full payment of the amount due within the times agreed in the confirmation of participation and in these general terms and conditions. If payment is not made punctually, this shall count as relinquishment and shall entitle Fiera Bolzano to have free disposal of the relevant spaces.

If the exhibition cannot take place for reasons for which Fiera Bolzano is not responsible, Fiera Bolzano shall only be required to reimburse the amounts paid without interest and/or losses exceeding this.

Every exhibitor/co-exhibitor will be charged the registration fee stated in the offer in accordance with the provisions in Art. 4. The participation fee also includes entry of the exhibiting companies in the official trade show catalogue. After expiry of the payment period for the amount due, the penalty interest will be charged in accordance with legislative decree No. 231 dated 9 October 2002.

The organizer shall be required to pay the agreed fee, irrespective of the existence of any objections or legal disputes relating to the contract.

If none of the technical facilities ordered by the exhibitor are available in the areas assigned to the exhibitor, the exhibitor may – provided this is not hindered by any particular technical reasons – have junctions from the normal cables placed by the staff of Fiera Bolzano at the cost of the exhibitor.

In the case of non-compliance with safety regulations and breaches of these contractual terms and conditions, Fiera Bolzano shall be entitled:

The exhibition spaces shall be provided to the exhibitors with a brief period of advance notice stated in the service handbook.

The exhibition spaces shall be provided with or without stand fittings. Additional or individual equipment must be requested separately and within the periods specified by Fiera Bolzano in the service handbook. The exhibitor must return to spaces used within the agreed periods with no persons and/or objects in the spaces, in the condition and quality as at the time when it was taken over and fully cleaned.

If exhibition spaces are not returned in the above-mentioned condition, Fiera Bolzano shall be entitled, at the cost of the exhibitor, to arrange removal of objects and cleaning of the spaces; this shall not affect the right to claim compensation. Within 30 (thirty) days after the end of the event Fiera Bolzano may dispose of goods/furniture/objects left on the trade show premises at the exhibitor's expense without prior notice.

The exhibitor may only remove goods and dismantle stands during the times specified by Fiera Bolzano and stated in the service handbook.
