Optiflux
Quality from Pick to Pack

Optiflux' solutions from **Pick to Pack**

Where you see a piece of fruit, we see a treasure of data that will help you to better harvest, store, transport and sell. Discover the value of data from pick to pack.

QUALITY INSIGHTS

What's the quality of your harvest?

· Get data driven insights to better sell, store and distribute your fruit
· Time-saving & easy-to-use app

STORAGE INSIGHTS

How long can you store your fruit?

· What's the ideal selling time?
· Insights by batch, storage room or pallet
· Prevent waste, limit returns & compensations for quality deficiency

STORAGE OPTIMUM

Store better, longer & smarter

· 24/7 storage monitoring
· Save 15% on energy
· Improve your own system or use our DCA active storage platform
· For small pallet and storage rooms
