

PROWINTER AWARD RETAIL 2025

Application Form

The Prowinter Award Retail reaches its third edition: an award dedicated to ski and boot manufacturers in order to select the **most "sellable products" for the 2025/26 season**. The award was born to give visibility, space and voice to innovation and quality, the two cornerstones on which the market recovery rests and gains momentum. In the third edition, the slope category will be divided into two sub-categories (race and allround), while the categories skitouring skis and boots will be maintained. This year we will launch the "Prowinter Award Retail Special Prize" category, this year dedicated to women slope skis (see details in the rules).

Fill in the information requested in the next steps and submit it to prowinter@fieramesse.com

Application materials must be submitted **by November 11th, 2024**.

We specify that all material submitted will be treated by the jury under a confidentiality clause for the purpose of identifying the Award winning product and will not be disclosed unless expressly granted by the company (see point on the press conference).
